# Waterford District Event Team Load In and Parking

## Loading/Unloading

Once you enter the Scott Lake Road parking lot, proceed to the north end of the lot and enter the loading/unloading area. Please keep all traffic flowing from north to south (follow signs). There is one large door at the north corner of the building and a smaller door between the two gymnasiums. BOTH doors can be used for loading/unloading. When team trucks and trailers are loaded/unloaded, please remove them from this area so other teams may use the entrances.

## Parking

*Please park in the Scott Lake Road parking lot ONLY!* We are having our staff and students park in the other lot (Pontiac Lake Road). If possible, park trailers farther out in the lot or on the lot perimeter.

## Robotics Entrance for Teams and Spectators

When entering the school, only use the door located between the field and the pits (between the two gymnasiums). Do not use the main school entrance.
